2. KIA obtained the UIA approval in 2012 and held the "100 Architects of the Year" international exhibition successfully in 3 Cities (Seoul, Daejeon, Gangju) of Korea, Montevideo of Uruguay and Shanghai of China. This exhibition introduces the architectural culture to all over the world and aims at interchange between architects.

3. The exhibition will incorporate a variety of categories based on the spirits of individual artists. Representative Korean and international architects will together introduce a new paradigm of architecture and works of high standard that reflect an architectural philosophy of the established architects.

4. With this regard, the following event will be held and we would like to ask for your undivided cooperation and recommendation of architects to be participated in the event.
